Authority: 10 USC 8013, Secretary of the Air Force and E.O. 9397 (SSN).

Purpose: Passenger Name Records are used to prepare aircraft Manifests for passenger identification processing and movement on military aircraft, commercial contract (charter aircraft, and on seats reserved (blocked) on regularly scheduled commercial aircraft at military and civilian airports. Records in this system are also used to develop billing data to the using Military Service or other organization, determine passenger movement trends, forecast future travel requirements, and identify, research, and resolve transportation related problems.

Privacy Act Information

(Continued)

Routine Uses: In addition to those disclosures generally permitted under 5 USC 552 a (b) of the Privacy Act, these records or information contained there in may specifically be disclosed outside the DOD as a routine use pursuant to 5 USC 552 a (b) (3) as follows: to customs officials for the purpose of notifying foreign countries of personnel and equipment arrivals; records from the system are routinely disclosed to other federal agencies and offices providing transportation, and to civilian airlines and airports for transportation services, developing billing data, manifesting passengers, and for forecasting future requirements. The Blanket Routine Uses published at the beginning of the Air Force's compilation of systems of records notices, apply to this system.

Disclosure is Voluntary: Non-disclosure of information will prevent the processing and movement of the passenger.
