

Duty Passenger Information for traveling with PETS on the PE

For AMC travel: 'Pets' are defined as dogs and cats only.

Passengers traveling under PCS orders may be allowed to ship pets at their own expense & are limited to a maximum of 2 pets for each family on the Patriot Express mission. Reservations can be made through your local TMO.

The owner of the pet is responsible for the preparation and care of the animal and for all documentation, immunization, and border clearance requirements.

The owner will provide a pet shipment container of sufficient size to allow the animal to stand up, turn around, and lie down with normal posture and body movements.

In-Cabin pets please call us on 01638-542248 to discuss concerns and questions.

Pets cannot be shipped on their own, they must be accompanied by their owner.

Passengers traveling in a Space Available status ARE NOT permitted to ship pets.
