Everhart II, 11 Aug 15-.

Operations. HQ USAF established this command by combining the airlift assets of Military Airlift Command and most of the air refueling assets of Strategic Air Command to control and improve world-wide tanker/airlift operations. Air Mobility Command is the USAF component of

the United States Transportation Command. AMC provides rapid global mobility and sustainment through tactical and strategic airlift and aerial refueling for US armed forces. In addition, it provides special duty and operational support aircraft and global humanitarian support and performs both peacetime and wartime aeromedical evacuation.

Service Streamers. None.
